

Rennes Atalante Champeaux

A site to set up companies of **food-processing** and **environment** sectors in the heart of the France's 2nd largest centre for courses in agricultural engineering and relating to the food industry.

- > You desire to set up in a **strategic site** within the French leading region in the agricultural and food-processing sector?
- > You wish to **collaborate with the research teams** of Agrocampus, Inra and Cemagref...?
- > You look for the **proximity of the engineering colleges** in the food-processing and agricultural sector ?

Dairy and egg science and technology laboratory (Inra, Agrocampus)

Rennes, 2nd site in France for higher education in agricultural engineering

Phytopathology laboratory, Inra in Rennes (National institute for agronomy research)

Plant breeding laboratory, Inra in Rennes

Come to the site Rennes Atalante Champeaux

You will find:

- An **agricultural engineering campus** of 850 students, in a city of 60,000 students
- numerous **scientific skills** in environment, agricultural engineering and food-processing sectors integrated in the **Ouest Génopole** Sea-Agriculture-Health
- a **pilot installation** used for the concentration, evaporation and drying of food products
- a technology pilot plant for **dairy industry**
- a **sensory analysis** laboratory
- an **analytical platform** (analysis of biochemistry, microbiology, physics)
- 10 documentation centres www.agrodoc-bretagne.fr
- 15 conference rooms and 4 auditoriums
- rental premises
- Nucléole **business incubator**
- Emergys **incubator**
- Le Sésame **restaurant**
- 2 bus routes (connection with subway)

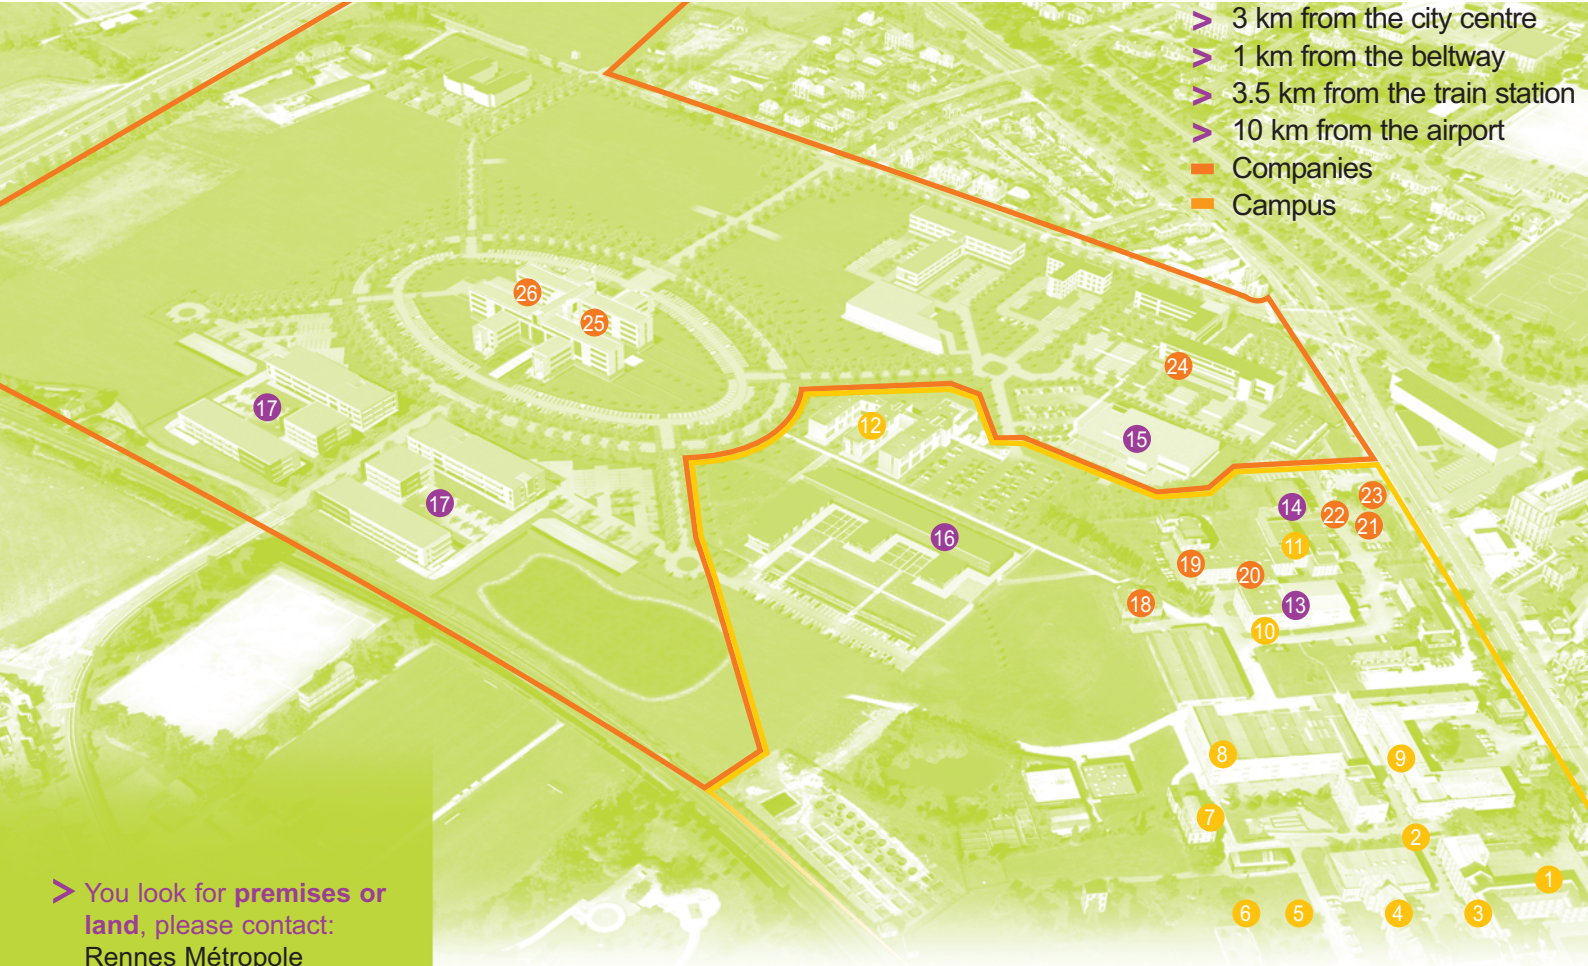

R&D laboratories, start-ups, service companies...

Make sure you're where the futur lies

The Rennes Atalante Association will help you to become part of the park's networks of companies and players in the research sector: invitations to conferences, contacts with partners, listing in the park's directory and website...).

- > 3 km from the city centre
- > 1 km from the beltway
- > 3.5 km from the train station
- > 10 km from the airport

Rennes Atalante Champeaux

A site dedicated to innovative companies, at the heart of an agricultural engineering campus of 850 students

Higher education and research

- | | |
|--|---|
| 1 Agrocampus (agriculture, food-processing, dairy) | 8 Physics of natural surfaces and agricultural engineering laboratory |
| 2 Research school Life - Agriculture - Health | 9 Animal sciences laboratory |
| 3 Ecology and phytosanitary sciences laboratory | 10 Cerel (European centre for dairy research and training) |
| 4 Halieutic department | 11 Dairy and egg science and technology laboratory |
| 5 Soil science laboratory | 12 Rural sociology and economy laboratory |
| 6 Biochemistry laboratory | |
| 7 Genetics laboratory | |

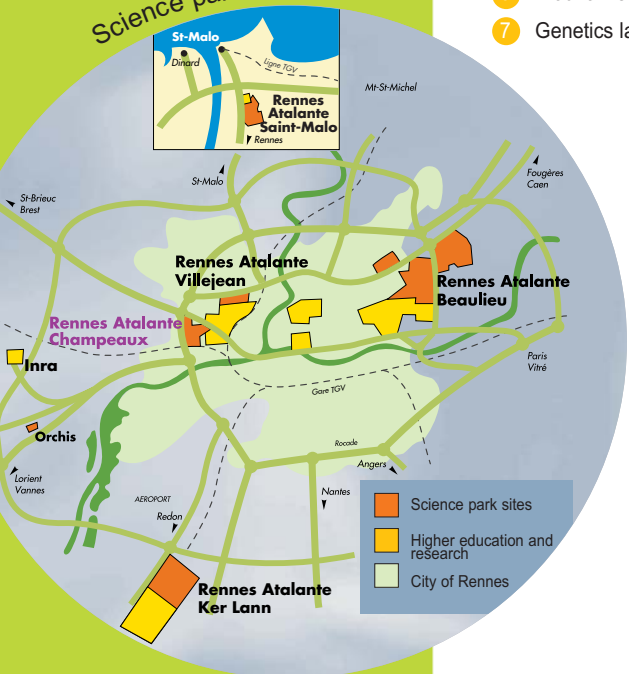

Facilities

- 13 A technology pilot plant for dairy industry
- 14 Nucléole business incubator
- 15 Le Sésame, restaurant
- 16 Sensory analysis laboratory
- 17 Real estate developments: Trigones and Satelis

Companies

- | | |
|--|---------------------------|
| 18 Bionov (food industry pilot installation) | 23 Elora |
| 19 ITFF Ouest (improvement to the quality of cheese) | 24 Véolia |
| 20 Bretagne Biotechnologies Alimentaires | 25 Cetiom |
| 21 PJB Advance | 26 Chamber of agriculture |
| 22 Coopagri Bretagne | |
